GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Proclamation Termination, Kern County

- Kern County has submitted a Proclamation Termination for a severe weather Local Emergency from October, 2015

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought.

Weather of Concern

- A stronger storm over the western Pacific is forecast to reach the West Coast by this Thursday. This storm may produce moderate snow amounts, with lighter rain and snow for lower elevations. Gusty winds are also expected by Thursday as this storm approaches.
- Freeze Warning in effect from 0100 to 0900 Tuesday for areas in Ventura County.

Active Weather Warnings, Watches and Advisories by County:

WEATHER

WEATHER SYNOPSIS BY REGION:

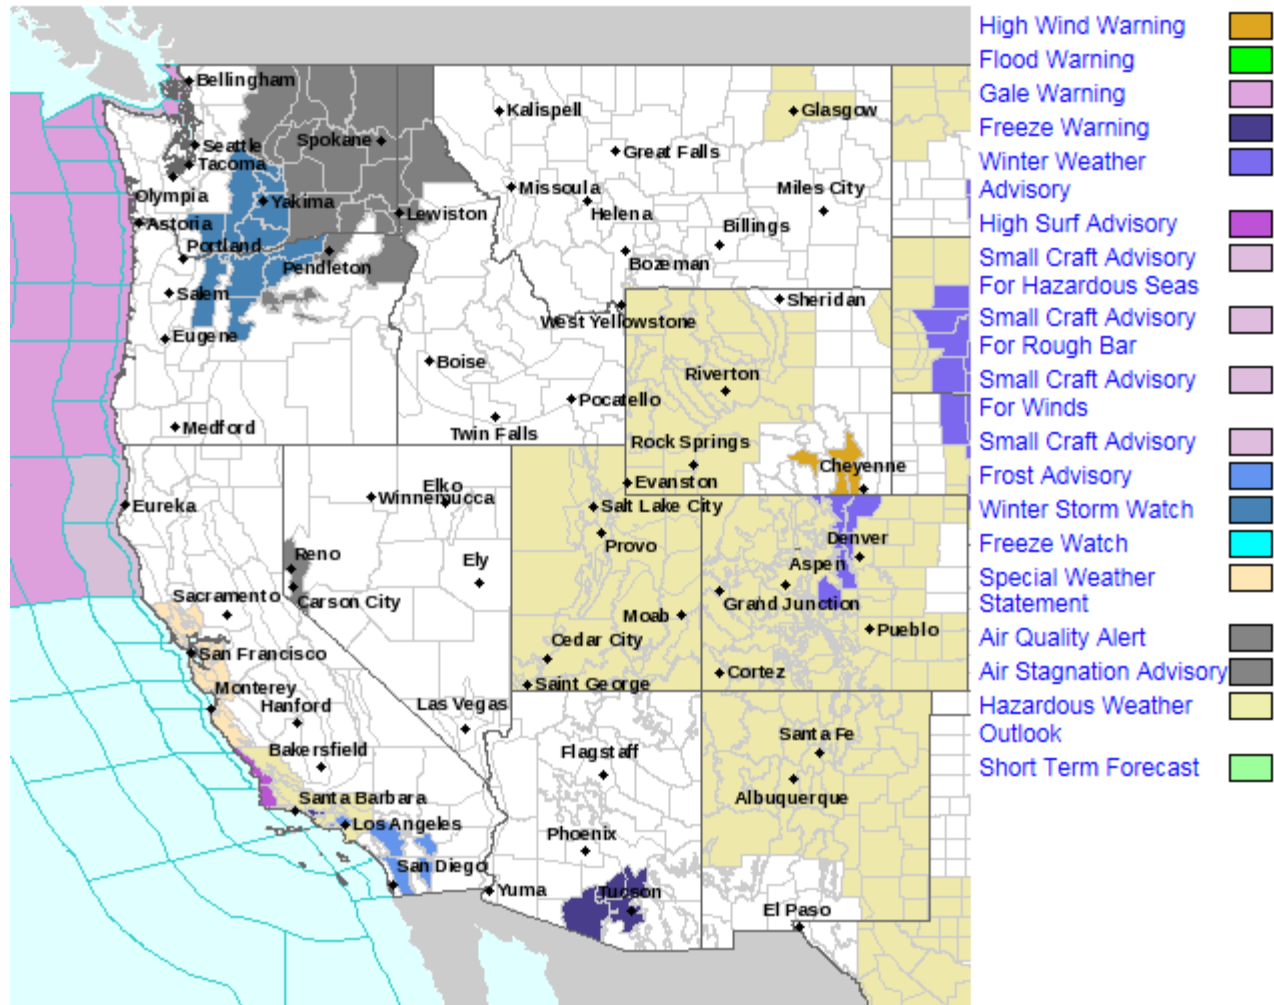

NORTHERN CALIFORNIA

The cool ridge of high pressure that sat over Northern California this past weekend will weaken a bit today, as a minor Pacific low pressure trough moves across. The trough will put a mix of light rain or snow into our western areas this morning, but only a little will make it over to the Cascade/ Sierra this afternoon. The ridge aloft shows a short-term rebound on Tuesday into early Wed., though with considerable mid to high clouds embedded in it. A minor warm-frontal band should brush across our north tomorrow night, bringing some light precipitation to perhaps the Northwest quarter of Northern California. Elsewhere, the bulk of Northern California probably remains precipitation-free from late today through daybreak Thursday. However, the primary weather system of the week will be poised to move in starting in the west about midday Thursday. It is a fairly deep and moist storm, one that should bring wetting rain or mountain snow to nearly all of Northern California Thursday afternoon into Friday morning. The frontal system will also be accompanied by moderate to locally strong SE to SSW wind Thursday afternoon into the night. In its cooler portion, the storm should dip snow levels to a 4000-5500' range. Once lingering showers end by early Friday afternoon, northern CA sees improved milder weather under stronger high pressure again late Friday and Saturday, though at this time, it looks like we could see another moist frontal band as early as Sunday.

SOUTHERN CALIFORNIA

A ridge of high pressure building into California from the Pacific Ocean will bring a slow warming trend to the region through Wednesday. Maximum temperatures will be in the mid 40s to mid 50s across the mountains with upper 50s and 60s in the valleys today. Temperatures will reach the mid 70s by Wednesday over the warmer valley locations of Southern California. Minimum humidity will be mainly in the teens away from the San Joaquin Valley and its surrounding foothills through Wednesday. Winds will be light through Wednesday. A Pacific trough will approach and move inland over the West Coast bringing cooler temperatures Thursday and Friday. This trough will also bring scattered showers to Central California Thursday afternoon through Friday afternoon with most locations expected to receive less than a quarter inch of rainfall. However, the Central Sierra and its surrounding foothills will receive up to an inch of rainfall. The snow level will be between 5,000 and 6,000 feet over the Sierra. This trough will only bring a slight chance of showers to Southern California with little or no rainfall expected. South to west winds of 15 to 25 mph with gusts to 40 mph will surface over the mountain ridges and through the desert passes Thursday afternoon through Friday afternoon. Another ridge of high pressure will build into California bringing warmer temperatures along with minimum humidity in the teens to most of the area this weekend. North to northeast winds of 15 to 25 mph with gusts to 40 mph will surface across the mountains and below the canyons and passes of Southern California Friday night through Saturday morning.

STATE WEATHER MAP

Last map update: Nov, 30th 2015 at 6:02:42 pm MST

Winter Storm
Arrives Thursday, Dec. 3

Wind Gusts: 40 mph Valley

Precipitation: 0.2-0.5" Valley
0.5-1.5" Mountains

Snow: 6-12" Near Passes

Snow levels: 5000-6000 ft

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every other Monday at 1100 hours.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 63 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 29 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).
